A guitar selected and adored for its scent must be the Lakewood A-36 Premium. For its back and sides select cypress is used whose essential oils give it an unmistakable scent. Made famous as a flamenco tone wood, cypress in combination with a European spruce top makes completely convincing steel string model. The instrument is strikingly responsive projecting basses, mids and trebles with confidence. The combination of all its components make a precious jewel of A-36 Premium. The built in L. R. Baggs "Anthem" Pickup System is available as required.
