Our Natural Series is all about natural beauty! Wood and form speak for themselves and can be appreciated by touch. Simplicity, utility and highest quality are combined in an unbeatable, conscious understatement.
A long-time secret favourite of Johannes: the combination of cedar for the top and East Indian rosewood for the back and sides. The silky, warm sound of the cedar top blends harmoniously with the rich bass and transparent treble of the rosewood. Its projection and responsiveness make this guitar an exceptional all-rounder—whether played purely acoustically in the studio, recorded with microphones or amplified on stage using the L. R. Baggs Anthem pickup system. And on top of all that, it simply looks stunning!
